awakened in your breast some solicitude for culation of the Temperance Almanac, print its success, we have determined to place in Albany, a as paper calculated greatly to your hands a conv of this communication.

its success, we have determined to place in your hands a copy of this communication. It is the cherished object of the society, in whose name we write, to increase the efficien cy and to extend the influence of Temperance principles through every portion of our belov-ed state. On the spread of those principles. they believe that the high interests of hu manity, morality, and religion are deeply con 1889 8 550 cerned. It is not necessary, as conceive, to 1200 521 551 conlarge upon the evils of Intemperance. The ormed. We shot necessary, we concerned. We cannot suppose.

By the scond annual report of this Socie classes that defects of this wide-spread and most destructive vice have fallen under your own observation. In the community in which we live, and perhaps within the circle of your tensor of their mem and perhaps within the circle of your tensor of their mem this State, and fait the number of their mem and perhaps within the circle of your tensor of their mem this State, and fait the number of their mem this Stat 238 269 S 350 250 over all that was bright and happy, in the 239 270 300 331 361 prospect of many individuals and many fathat Intemperance is the parent and source of competism and crime, of domestic taisery, of discusse and neath. We cannot suppose, er, that you are so heartless is to view these inference, and we will not doubt that you have a sufficient measure of philanthropy, of patriotism, of the warm and diffusive spirit of Christian benevolence—to prompt your efforts n a cause involving the best interests of your who are bound to you by the bonds of a com mon origin, and a common redemption. I such a cause we now most earnestly invit your co operation -we call upon you, to unite with the many Good men and true' wh are zealou-ly labouring to restrain the ravage

of Intemperance.

The only hope of staying the progress of this vice—of making a deep impression upo the minds and habits of the present and the ising generation, depends as every reflecting man must see, up in the success of the Tem-

perance Association. reforming power of these associations is no longer problematical. It has been tried, and the result has far exceeded the expectations of its friends and founders.

No religious mind can contemplate the ori-

gin and progress of this great scheme of benevolence, without being impressed with the conviction—that the inspiration of the Alneighty gave it being, and a special and most sicians to state the causes and effects of In-

newspapers and tracts in order to carry these sent year, in your county, and the same for measures into eject, and to organize a system the years 1801, 1811, 1821 and 1831—the tem by which they can be constantly and efficiently kept in operation, the officers of the ty to be charged to this vice, and the propor-Society determined to recommend that each tion it bears to the whole number-and the Society contribute yearly to the Treasury, crimes, diseases, and miseries known to have At a late meeting of the Board of Maryland, the subscribers were appointed a committee to address a circular letter to the officers of the different Auxiliary Associations within the state, and to any others who might be presumed to feel an interest in the prospetity of the Temperance cause. Trusting. Sir, that the ments of that cause have before this engaged your serious consideration, and awakened in your breast some solicitude for awakened in your breast some solicitude for a the first part of the Temperance Almanac, print awakened in your breast some solicitude for a the Albays as a part of the Temperance and indeed all interested in the cause we wish for information to every family in this State. If paid by all the members it would be but as few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each, a sum far leys than was few cents from each as a few from each as from each as a few cents from each as a few cen ed in Albany, a as paper calculated greatly to promote the Temperance Cruse. The Committee are grayfied to announce

that the Society has received eighty thousand copies of that valuable Temperance Paper, called the Ox Tract, which will enable them to give a copy to each family in this State.— These can be had by application to the Secretary, who is anxious to obtain facilities to cir-culate them throughout the State. By the second annual report of this Socie

though much has been done already, yet still much more remems to be done, and that the full fruition of the blessings of Temperance can never be enjoyed whilst any are opposed, or even indeferent to its cause—what has been already accomplished shows the successful operation of the plan, and as truly encouraging; but it has we look at which is not to but when we look at what is yet to be done, we are made sensible of the boldness of the er are made sensible plan, and of the necessity of the combined zeal and perseverancy of all its advocates to

· Cire its complete execution.
The establishment, therefore, of a State Society in Maryland, has imposed upon our atizens the obligations to support its cause nd extend its influence.

If you acknowledge yourself subject to aese obligations, permit us to suggest to you ome of the most suitable means of their per

1st. Call a meeting of the people to form on Auxiliary Temperance Society—render it instructive and interesting by addresses, &c. and fail not tolorganize a Society, no matter how few at first may co-operate. Many of the most useful and numerous Temperance Associations have commenced under the most discornaging dircumstances.
2d. Request ministers of the Gospel to

plead its cause, in and out of the pulpit, and to form societies in their churches; urge phy poison, Alcohol, in all its secret and this poison, Alcohol, in all its secret and treacherous combinations, and to expose the treacherous combinations and to expose the

how many of them have been reduced to this condition by their own intemperance or that of others—ascertain the same for the years of others—ascertain the same for the years [For Kent County, —Michael Mills, James 1801, 1811, 1821 and 1831—the quantity P.
